

# INVESTOR TIPS

## KNOW WHERE YOU ARE GOING

**Investing is part of a bigger picture** - things you want to achieve over time and the type of lifestyle you want. Many investments can and should be considered big ticket items. So why do so many of us invest more time in buying a car or planning a vacation than we do in choosing a financial adviser or even deciding what to do with our money? Set financial goals and evaluate them regularly.

Keep in mind that investing is an ongoing process, so check regularly to see how your investments are doing.
