## TTSEC WEBSITE SURVEY 2014

Dear Stakeholder,

The Trinidad and Tobago Securities and Exchange Commission (“the Commission”) has completed its strategic plan for the period 2014 – 2018. This Plan identified the following three strategic goals:

1. To Improve operational efficiency and effectiveness
2. To develop a positive Corporate Identity and
3. To foster the development of the securities industry

The Commission is of the view that the current site does not adequately reflect the full set of its online functionalities as required by the updated legislation. In light of the foregoing and in keeping with the new strategic goals, the Commission is in the process of redesigning its website.

The Commission is therefore asking its key stakeholders to complete this survey which can inform the Commission of the areas within the current site architecture that can be improved. The responses to this survey will enable the Commission to more effectively meet the needs of stakeholders who are the principal users of the website.
