**BACKGROUND:** A strong regulatory framework is a prerequisite for a robust and vibrant domestic market. The Trinidad and Tobago International Financial Centre (TTIFC) will form an integral part of this domestic market and as such, will operate within the parameters of our regulatory framework.

The revisions to the Securities Industry Act seek to strengthen this framework by addressing the issues of: disclosure, transparency, investor protection and enforcement. Once implemented, the revisions will provide for the functioning of a strong market that protects and attracts domestic and international investors alike.

*Towards Becoming*  
**An International  
Financial Centre**

*Strengthening securities regulation in  
Trinidad and Tobago*
